

OeAW - Discovering the future

As a central non-university institution for science and research, the **Austrian Academy of Sciences - OeAW** has the task of "**promoting science in every respect**". Founded in 1847 as a learned society, it now has over 760 members and around 1,800 employees dedicated to innovative basic research, interdisciplinary knowledge exchange and the dissemination of new insights. The OeAW initiates and maintains partnerships worldwide and represents Austria in international scientific organizations; it cooperates with numerous institutions in the scientific field in order to actively **shape the research landscape**.

Technical Assistant (f/m/x)

Job ID: ISA131TEC026

The Institute for Social Anthropology (ISA) of the Austrian Academy of Sciences (OeAW), Austria's leading non-university research and science institution, is offering a position as

Technical Assistant (f/m/x)

(part-time 25%, 10 hours per week)

for a duration of 23 months, starting 1 February 2027 until 31 December 2028. An extension of 6 months may be discussed but is not fixed yet. We invite applications for one Technical Assistant position within the ERC-funded project 'Climate and contemporary transformations of vernacular architecture,' led by Docent Dr.Dr. Hubert Feiglstorfer. The project explores the impact of climate on transformations of vernacular architecture in Alpine and Himalayan regions. The Technical Assistant will be carrying out following tasks related to the project.

Your Tasks

- CAAD: drawing and editing architectural plans, eg. floorplans, sections, elevations (according to historical plans and measurements) preferably in Rhino 3D
- Working with pointclouds and geospatial data (Cloud Compare, QGIS, Rhino 3D)
- 3D-modelling, rendering (preferably Rhino 3D)
- Making and editing vector/pixel graphics, creating posters and simple print media (Adobe Illustrator, Photoshop, Indesign)
- Editing audio and video files for exhibition displays (Adobe Premiere)

Your Profile - Essential qualifications and criteria

- Good understanding of architecture
- Skills in CAAD-Applications, preferably Rhino 3D
- Well versed in working with 3D-Data (Pointclouds and solids)
- Basic knowledge of working with geospatial data
- Knowing how to use Adobe Creative Cloud Applications (Illustrator, Photoshop, Indesign, Premiere)

Our Offer

- Employment at a leading research institution in Austria with an international and interdisciplinary working environment

- Numerous voluntary social benefits for employees

The minimum annual gross salary for this position is EUR 43.576,12 (full-time based), in accordance with the collective agreement of the Austrian Academy of Sciences (ÖAW). For part-time employment, the salary will be adjusted on a pro rata basis in line with the agreed working hours, which is 10.894,03 for 10h/week.

Please submit your application as a single PDF file (max. 5 MB) via the online portal (see link below) uploaded under "CV" field by December 4, 2026. Your application must include:

(1) Cover Letter (one page max),

(2) CV

(3) Scanned copies of all diplomas obtained in higher education

APPLY NOW

The Austrian Academy of Sciences (OeAW) pursues a non-discriminatory employment policy and values equal opportunities, as well as diversity. Individuals from underrepresented groups are particularly encouraged to apply.
